SUMMARY

Results-driven Computer Science Engineering student with practical experience in software development, full-stack web technologies, and enterprise IT systems. Completed internship at CRIS, contributing to technology-driven operational solutions, alongside building real-world applications with strong problem-solving and development expertise. Proficient in Data Structures, OOP, databases, and modern development tools, with a keen interest in software engineering, scalable systems, and innovative product development.

EDUCATION

Dronacharya Collage Of Engineering <i>Bachelor of Technology in CSE (IoT and Cyber Security with Blockchain)</i>	Gurugram, Haryana 2026
BRDAV Public School <i>Intermediate (HSC)</i>	Begusarai, Bihar 2022
BRDAV Public School <i>Matriculation (SSC)</i>	Begusarai, Bihar 2020

EXPERIENCE

Software Engineering Intern <i>Centre for Railway Information Systems (CRIS)</i>	Aug 2025 – Dec 2025 <i>Chanakypuri, New Delhi</i>
- Received hands-on training in Software Engineering at Centre for Railway Information Systems (CRIS). - Worked on software development tasks with exposure to enterprise-level IT systems and workflows. - Gained experience in software engineering practices within a government technology environment.	
Project Intern <i>Fastcurve Services Pvt. Ltd.</i>	Jun 2025-Jul 2025 <i>Noida, Uttar Pradesh</i>
- Collaborated with the IT team on live project development and ongoing technical deliverables. - Assisted in software development tasks, project execution workflows, and team-based technical coordination. - Gained practical exposure to corporate IT operations, development practices, and professional project environments.	

PROJECTS

AI Interview Platform <i>MERN Stack, OpenAI, API</i>
- Built an AI-powered interview platform that generates role-specific questions using resume parsing and prompt engineering. - Implemented real-time AI evaluation system providing feedback, scoring, and performance insights on user responses. - Developed scalable MERN architecture with secure authentication and interview session tracking.
SidCup-Family-Golf <i>HTML, CSS, JavaScript</i>
- Developed a responsive multi-page website with sections for adventure golf, lessons, and bookings. - Designed interactive UI elements with smooth navigation to improve user experience. - Implemented booking forms with validation to ensure accurate user input.

TECHNICAL SKILLS

Languages: C++, Java, JavaScript, HTML/CSS
Frameworks: Node.js, Express.js, FastAPI
Databases: MySQL, MongoDB
Tools/Platforms: Git, GitHub, VS Code, Android Studio, Canva, Figma

CERTIFICATES

- Infosys Springboard (Introduction to AI for Metaverse) – [Link](#)
- Udemy (Complete Guide to Build IoT Things from Scratch to Market) – [Link](#)
- Cisco Networking Academy (Introduction to Cybersecurity) – [Link](#)
- IIT Bombay Spoken Tutorial (Advanced C++ Training) – [Link](#)
- SWAYAM NPTEL (Introduction to Cyber Security) – [Link](#)
